

To strengthen our Operations Management department at our company headquarters in Isernhagen (Hanover), we are looking for a

### **Scrum Master (m/f/d)**

#### **Your area of responsibility:**

- As a Scrum Master, you will be responsible for the effectiveness of our 6 development and testing teams, helping them to increase their collaboration and effectiveness by
- facilitating and running Scrum events,
- ensuring data quality of our Azure DevOps work items,
- coaching teams on agile ways of working and principles.
- You will work closely with the Product Owner (f/m/d) regarding the maintenance of the product backlog and the value optimization of his/her product.
- You will generate decision templates for development leadership based on data in our Azure DevOps.

#### **Skills / Prerequisites:**

- You have a highly solution-oriented approach and share our passion for driving sustainable organizational change.
- You possess basic knowledge in one of the agile approaches, methods and frameworks like Scrum, Kanban and SAFe.
- You have gained initial experience with agile tools (e.g. Azure DevOps, Jira, Confluence, VersionOne).
- You possess very good analytical as well as conceptual skills coupled with excellent presentation skills,
- flexible thinking under new framework conditions.
- You have a very good command of German and English, both written and spoken.
- Qualification as a Scrum Master is desirable

#### **We offer you:**

- A permanent job in a promising market
- Salary in line with industry standards
- Personal and professional freedom and the opportunity to take on responsibility
- Good work-life-balance
- Attractive professional and personal training opportunities
- Very good working atmosphere as a member of a dynamic team
- A range of benefits (Hansefit, GVH-JobCard, JobRad, etc.)
- Modern work equipment and an innovative work environment. Get an idea of this for yourself at <https://www.youtube.com/watch?v=9PpgpLpLLMI>
